# DIRECTOR'S NOTE

## Your Fulton County Library System is dedicated to 2026 as the Year of the Book!

The plan is that everything you encounter at the various libraries will be elevated and offered with a sense of heightened intentionality.

You will have books and other materials to address your need to know more about America 250; the World Cup; award winning books; classical literature; beach reads; specialized materials to acquaint or reacquaint you with how things are built; travel; history; how things work; new ideas; and AI. Books and programs for all ages are available for you to explore.

Also, the Library's ongoing commitment to literacy, digital inclusion and partnerships will be on greater display. The plan is to make the library the place to be with many events happening.

Those events include art and music programs; exercise and nutrition classes; languages to explore; poetry readings; family time programs; storytime events, virtually and in-person; and continued opportunities to seek a career by taking classes, or tests to obtain your high school diploma or get your GED.

You are invited to come to the library and learn more about Social Services and Volunteer Services provided and offered. Additionally, partnerships make available many things for your enjoyment or assistance. Many programs and events are underwritten by the Atlanta-Fulton Public Library Foundation. Those programs include the annual Summer Reading Program; One Book, One Read Event; and numerous author talks.

The year 2026 will further demonstrate the Library System's dedication to fostering community, learning, and opportunities by providing accessible and diverse resources to all.

Finally, thank you for demonstrating your love of libraries. You made them a huge part of your life last year, online and onsite. You responded to surveys stating libraries' importance in your lives; and gave them high points.

Let's enjoy the Year of the Book!

ANNOUNCING THE 5th ANNUAL

# ONE BOOK ONE READ

## THE LAST ONE AT THE WEDDING

BY **JASON REKULAK**

Unveiling the 2026  
One Book One Read Selection

**W**e're very excited to announce our 5th annual **One Book, One Read!** Every year, FulcoLibrary selects a book to highlight as part of this county-wide initiative to foster a love for reading among as many residents of Fulton County as possible. Branches throughout the Fulton County area host book discussions and other events, providing an excellent opportunity for readers to delve deeper into the themes and characters of the book while connecting with fellow reading enthusiasts. This year's selection is *The Last One at the Wedding*, an edge-of-your-seat thriller that delves deep into the heart of one family by **Jason Rekulak**, author of *Hidden Pictures* (a national bestseller and winner of a Goodreads Choice Award) and *The Impossible Fortress* (a finalist for the Edgar Award).

*"Engrossing... Rekulak's characters feel real, and the unwavering pace will keep readers up all night."* -Publishers Weekly

**FROM THE PUBLISHER:** Frank Szatowski is shocked when his daughter, Maggie, calls him for the first time in three years. He was convinced that their estrangement would become permanent. He's even more surprised when she invites him to her upcoming wedding in New Hampshire. Frank is ecstatic, and determined to finally make things right. He arrives to find that the wedding is at a private estate-very secluded, very luxurious, very much out of his league. It seems that Maggie failed to mention that she's marrying Aidan Gardner, the son of a famous tech billionaire. Feeling desperately out of place, Frank focuses on reconnecting with Maggie and getting to know her new family. But it's difficult: Aidan is withdrawn and evasive; Maggie doesn't seem to have time for him; and he finds that the locals are disturbingly hostile to the Gardners. Frank needs to know more about this family his daughter is marrying into, but if he pushes too hard, he could lose Maggie forever.

**Inspiredu's Adult Digital Literacy Program** provides training for adults who lack basic computer skills. As technology becomes increasingly essential in the workplace and everyday life, many individuals in economically disadvantaged communities face barriers due to limited digital literacy.

The program supports parents in gaining confidence with digital platforms used in education, enabling them to better assist their children. Additionally, participants will develop transferable workplace skills that can improve career opportunities. Access to digital tools at home also increases engagement with telehealth services, online banking, and research resources.

# CELEBRATING FRIENDSGIVING!

Have you ever wondered what it would be like to learn a new language? What about learning English as a second language? Not sure where to start? The best place to begin your new language journey is your local Fulton County library branch! Most branches offer a variety of beginner language and ESL classes that are free to the public. These courses provide participants a chance to learn a new language in a safe, inviting environment where they learn how to speak effectively and foster a long-lasting connection as the class works together to become familiar with the new language. This connection is enhanced when the group comes together to share food, beverages, and experiences from their own unique cultures with everyone else through a "Friendsgiving Gathering". These typically occur every year around the holidays at several branches. Katie Mildenhall teaches the ESL For Beginners class at the Roswell Library and shared, **"This year was our 2nd annual Friendsgiving event! It is a wonderful time to allow the students to engage with one another in a more casual setting. They love trying new foods that their classmates bring and it's also a time for them to share specialties from their home countries."**

These are a few examples of how the library fosters a safe and inviting space for those who wish to learn a new language. Other ESL and foreign language classes across the system also participate in similar programs, such as the Alpharetta and East Roswell Library language classes which also hosted their own Friendsgiving potluck event in the past. It is this type of community involvement that makes volunteer led programs

at the Fulton County Library System so special because of the new connections and experiences that will grow while learning a new language at your local library.

Please visit the library's website ([fulcolibrary.org](http://fulcolibrary.org)) to learn more about ESL and other language programs offered throughout the year at your local library! If you are interested in sharing your talents or skills to the community as a volunteer who leads programs, then please visit the library website to learn about the volunteer application process and who to reach out to for more information.

## SOCIAL SERVICES

In current times, there are quite a few grandparents raising their grandchildren and eventually end up feeling overwhelmed with understanding the legal process and the impact this decision may have on their benefits. **Legal Aid Atlanta** launched a new partnership with the Metropolitan branch to offer free legal assistance and resources to grandparents or relative/non-relative caregivers. If you have custody and adoption questions or questions about understanding the impact of adoption on benefits, this would be a great event for you to register to attend.

# OVERCOMING CHALLENGES

Having employment is a requirement for many of us; however, finding employment can be quite challenging for everyone. There may be times when we know exactly what field we want to go into and there may be other times when we have no idea. From employment for teenagers to employment for senior citizens, **WorkSource Fulton** is a great community partner that provides an array of services to help you with your job search by offering the tools, resources and connections that are needed to get started. They are currently partnered with nine library branches and will add two additional branches this year. Please see the events page on our website to see their schedule.
